

Autumn Term 2021

Hope

Hope for ourselves, for others, for kindness and for the coming of Jesus

Here are the notes from Values for Life

A Christian Perspective on Hope

Christians see their hope in God's promise "that love and goodness have, and will ultimately, overcome all evil". This hope is manifested in the life, death and resurrection of Jesus Christ.

Reflecting as a Whole School Community

Some questions to consider:

- How does the school promote a vision of a hopeful future?
- How does the school help children to understand that there is a chance of a new beginning and a fresh start in every situation?
- How does the school help the children to understand how they can play their part in creating a more sustainable environment and a better society?
- How does the school help pupils to understand how they are citizens of the world and that this citizenship brings challenges and responsibilities?
